## GREAT ALUMNI MEETING ON NEXT FRIDAY EVENING

Very Attractive Program Announced For Big Alumni Meeting at High School Friday.

Prof. W. J. Caplinger, Superintendent of the City School, authorizes the following announcement on the big Alumni meeting Friday.

The Alumni Association, this year, is going to have a very important meeting in the auditorium of the High School Building, Friday evening at 8 p. m. The program follows:

Music—Boys' Band—Prof. J. W. Young, Director.

The Announcement of the Purpose of the Meeting and Introduction of the Speakers—Francis Hopper, President Alumni Association 1915.

Solo—Mrs. H. C. Barnes, 1905.

"A Constructive Program for the Alumni Association"—Hon. Stanley Reed.

Music—Boys' Band.

"Some Experiences 'Over There'"—Major Charles McClanahan, 1909.

"The Alumni in the World War With Tribute to Joe N. Calvert"—Judge C. D. Newell, 1876.

Music—Boys' Band.

In looking over the list of the Alumni of this High School, we find the names of the most prominent people of Mason county—people active in finance, society, and the political world, about whom much could be written.

We earnestly solicit the attendance, first, of all of these Alumni of this High School, their friends, and relatives, and lastly, all those interested in hearing a thorough discussion of a tentative program concerning what should be the attitude of the citizenship toward this High School.

We are expecting the auditorium to be crowded and if you want a good seat you will most assuredly have to be on hand early.

DO YOU LIKE GOOD THINGS TO EAT?

Try the strawberries, ice cream and cake—beere the war style—to be served at the Washington Consolidated School on Saturday, June 7, from 2 o'clock in the afternoon until 10 in the evening. Bring your friends, enjoy yourself and help the school. 2-6t

NOTICE ODD FELLOWS

Regular weekly meeting of DeKalb Lodge of Odd Fellows this evening at their hall in Second street.

H. L. WALSH, N. G.

J. W. Thompson, Secretary.

## MASON GETS VALUABLE TRUCK AT DRAWING

Two Ton Denby Truck Is Picked Off By Mason County at Drawing of Machines Donated to Kentucky by the Government.

County Judge H. P. Purnell and County Commissioner W. H. Key were in Frankfort Monday to participate in the drawing for auto trucks which had been donated to the state of Kentucky by the Federal government having been used during the war.

Mason county was lucky enough to draw a large two ton Denby truck which will be of great value to the county in the road work contemplated during this year. The truck will be delivered in a short time from Frankfort. All of the trucks are at present at army cantonments and camps but will be distributed among the counties drawing them by the state road department soon after their delivery to the state.

The mountain counties of the state where there is much road work now in progress and where the state road department is doing much work received, in many instances, two of the trucks.

Mason county officials are very much pleased at the truck they drew.

## SENATOR BECKHAM PLEDGES SUPPORT TO HARBOR BILL

The Chamber of Commerce has received a letter from United States Senator J. C. W. Beckham pledging support to the measure introduced in the lower house of Congress by Congressman Fields appropriating funds for the improvement of the Maysville harbor. Senator Stanley will also support the measure.

## ATTEND FUNERAL

Mr. and Mrs. Henry Dunbar, Mr. and Mrs. Herman Krackenbueke, Messrs. Slim and Charles Cook, Miss Elizabeth Kraehenbuehl of Hamilton, Ohio, Mrs. Joseph Sauers, Covington, Mr. and Mrs. J. W. Caudell, Indianapolis, and Mr. George Dunbar were here to attend the funeral of Mrs. George Dunbar, held Monday afternoon at Bethany.

## HIGH SCHOOL INVITATIONS ARE ISSUED

Invitations for the annual High School Commencement at the Maysville High School are being mailed to friends by the members of the Senior Class. The invitations are very attractive.

Large stock of Bicycles at right prices at J. T. Kackley & Co. Prices \$30 to \$50. 2-3t

## GOVERNMENT TAKES TRAIL FOR THE BOMB THROWERS OF MONDAY

Ring of Anarchists Who Planned May Day Outrages Suspected—All Clews Followed.

Washington, June 3.—Secret service agents throughout the country today hunted an Anarchists' ring, believed responsible for a bold attempt upon the life of A. Mitchell Palmer, attorney general, here last night, and efforts to kill prominent persons elsewhere in the United States.

In the fragments found after a terrorist killed by the bomb which ripped open the front of the Palmer home and shattered windows, furniture and bric-a-brac in Washington's most fashionable residence district, is the only clew the police have as to the death plot.

Upon the sweatband of the dead man's hat appeared the name "Belucia Bros., hatters, Philadelphia." At some distance from his scorched and blood-stained clothing was found a dictionary. Hat and book had been purchased recently.

These clews, coupled with other outrages last night and those perpetrated in Philadelphia six months ago, when homes of three prominent citizens were shattered by bombs at night, led officials here to believe the Anarchists gang may be directed from Philadelphia.

That it may be the same ring that threatened a May Day tragedy averted only by the finding April 29 of score of undelivered bombs in the New York Postoffice after one had exploded following delivery at the home of William H. Hardwick, Georgia, was the belief of officials here.

Working on this theory every precaution was being taken to guard the homes of other government officials who, with Palmer, were "marked" for death by the May Day plotters. Police and soldiers have been thrown about the homes of officials whose safety may be threatened.

Monday night's record follows:

Washington—Home of A. Mitchell Palmer, attorney general, wrecked by a bomb; unidentified man killed.

New York—Home of Judge Charles C. Nott, Jr., bombed; special patrolman killed.

Cleveland—Home of Mayor Harry L. Davis damaged by bomb.

Philadelphia—Rectory of Catholic church and home of Lois Jagielky, bombed; two under arrest.

Pittsburgh—Two bomb explosions; six houses damaged.

Boston—Homes of Leland W. Powers, state representative, in Newtonville, and Justice Albert F. Hayden, Roxbury, damaged by bombs.

Paterson, N. J.—Two-family house wrecked by explosion.

## SCHOOL KIDDIES TO SEE STREET PARADE

City Superintendent W. J. Caplinger this afternoon made the following official announcement which will bring a vote of thanks from the school kiddies:

In order that children may see the annual parade scheduled for 10:30 Wednesday morning, the schools will be dismissed and from 10:30 to 12 will be noon. Beginning at 12 promptly the school will open and have school until 2 at which time children will be dismissed so that those who care to go to the afternoon performance may do so.

After making these concessions we will deal rigidly with those who do not meet their classes.

We ask for the parents' co-operation in this matter.

## MASON BOY IN PICKED DIVISION

Mr. and Mrs. Charles J. Hunter, of Washington, recently received a letter from their son, Edward, in which he stated that he had been transferred from the Sixth Division to a model regiment that will parade in Paris, London and other European cities.

The men were picked from every division in the army and sent to Coblenz on the Rhine to be equipped and for a few days drilling together and it is expected that they will be on their way home soon. Mr. Hunter is loud in his praise of the Y. M. C. A. and says that it is up to everything that it is supposed to be.

## AT INTER-DENOMINATIONAL MEET

Rev. A. F. Stahl, of the Christian Church, leaves tomorrow for Louisville to attend a meeting of representatives from Missionary Societies of all the denominations of the state to decide upon plans for co-operative work in the Inter-Church Movement.

## BOOSTERS' CLUB MEETS

A short session of the Boosters' Club was held this morning at I. W. W. temple and all matters before the City Council Monday evening were thoroughly discussed.

## SMALLPOX AT AUGUSTA IS PROVING SERIOUS

Several Cases of What Is Thought to Be Smallpox at Augusta—Homes Quarantined and Public Gatherings Prohibited.

There is quite a smallpox scare at Augusta just at this time and some sixteen or eighteen homes in the Bracken county town are quarantined while all public gatherings are prohibited and the Commencement exercises have been called off for the present.

It seems as though for several weeks folks about Augusta have been suffering from aches about the head and back and with a breaking out on the body. The affliction became so prevalent and seemed so contagious that the health authorities began a thorough investigation and called in an expert from the State Board of Health, who pronounced the trouble a light form of smallpox.

It seems as though the disease was first spread in Augusta, May 17, when a show boat exhibited at Augusta and when standing room on the boat was at a premium.

Up to the present time there have been no serious cases of the disease developed although vaccination is the chief occupation of Augusta citizens and every possible precaution is being taken to prevent the spread of the disease to other communities.

Although at present there is no great fear of the spread of the disease in Mason county, County Health Officer Rice in speaking of the Bracken county epidemic this afternoon, advised all not now vaccinated to be vaccinated at once.

## LOST HORSE AND BUGGY IS FOUND

Some four days ago Mr. William Sidwell, Fourth street liveryman, rented a horse and buggy to a stranger who said he was going to Elizaville to get his wife. The stranger did not return on scheduled time and Mr. Sidwell thought nothing of this but after he failed to return in four days Mr. Sidwell began an investigation and this morning found the horse and buggy in another local livery barn with \$5 charges against it for its care. The stranger had returned the horse and buggy to another stable and thereby escaped paying for it.

## LOCAL BANKERS ATTEND BANKERS' MEETING

Messrs. H. C. Sharp, of the State National Bank, James N. Kehoe and N. S. Calhoun, of the Bank of Maysville and Sanford Roff, of the Bank of Mayslak, leave this afternoon for Winchester, Ky., to attend the joint meeting of Groups 7 and 9 of the Kentucky Bankers' Association to be held there Wednesday and Thursday.

## MEMORIAL DAY SIMPLY OBSERVED BY CONFEDERATES

The Daughters of the Confederacy and those who had relatives—Confederate Veterans—buried in the Maysville cemetery, simply observed Memorial Day today by decorating the graves of their dead and by a short and simply but impressive service in the cemetery.

## MUCH RUBBISH IN SIXTH WARD IS GATHERED

The clean-up campaign in the Sixth Ward proved more successful than in any ward in the city and the city's wagons and carts were unable to remove all of the collected rubbish on Monday and had to continue their work in that ward until today.

The Novena to the Holy Ghost at St. Patrick's church each evening at 7:30 o'clock is being nicely attended.

## WEDNESDAY IS CIRCUS DAY IN MAYSVILLE TOWN

Gentry Brothers Coming With Elephants, Tigers, Ponies and Brass Bands—Big Street Parade in the Morning.

Wednesday is circus day in Maysville. The first of the season for during the early hours of morning, Gentry Bros. long train of cars bearing the 200 odd ponies, elephants, lions, camels, dogs and monkeys, will arrive and proceed to the Mason County Infirmary circus grounds where two exhibitions will be given. Gentry Brothers have always presented the cleanest and best exhibition of its kind and it is said the 1918 program surpasses all former efforts. The schedule of events will be as follows:

Arrives 6 a. m. Location of grounds Mason County Infirmary. Street parade 10:30 a. m. Doors open 1:15 and 7:15 p. m. Performances 2:15 and 8:15 p. m.

This popular show has been enlarged and improved in every department. A complete programme is presented by the Domestic Animal Actors, augmented by a complete wild animal circus. This portion of the entertainment is given in a large steel arena and the lions, leopards, pumas and other wild animals are put through their various acts by Lady Trainers.

This feature has been added to Gentry Brothers show since their last appearance in this city.

There is every reason to believe that the city will be filled to overflowing with people from all over this section. It has been a long time since there has been a circus in Maysville and any sort of a circus would have attracted a large crowd but Gentry Brothers' shows have always been looked upon as the best there is in dog and pony shows and inasmuch as the management has added wild animals and has stepped out into the real circus field there is every reason to believe that Gentry will furnish as good real circus as he has always furnished dog and pony shows.

Although the circus ground is quite a distance out of the city, it is located on the street car line and those desiring to attend will be put to little trouble to reach the grounds.

The management promises a real old fashioned circus street parade with lions, elephants, ponies and bands galore and this in itself will draw a great crowd to the city.

Try a Ledger Want Ad. It Pays.

## COMMITTEE WILL PAY FOR BAND STAND, MANAGER SAYS

Managing Committee of the Maysville Boys' Band Will Take the City's Band Stand Over and Pay For Same.

Colonel J. Barbour Russell, business manager of the Maysville Boys' Band announced this morning following the action last night of the Maysville City Council in refusing to pay for the municipal band stand, that the managing committee of the band would take over the band stand and see that it is properly finished and paid for in full.

Colonel Russell also stated that the band would be in first class condition and that the contractors had promised to have the stand ready for use by Saturday. The electricians are now at work on the stand and hope to have it wired by Saturday so that the first evening concert can be given by the band in the stand on Saturday evening at eight o'clock.

Just how the managing committee plans to pay for the stand was not made known by Colonel Russell but it is more than likely that there are many of our business men and citizens who would like to have a part in helping to pay for the stand's erection.

## FORMER MAYSVILLE MAN DIES AT COVINGTON

Relatives here have been advised by wire of the death Monday afternoon at 2:30 o'clock at his home in Covington of Mr. John A. Campbell, former resident of Maysville. Mr. Campbell was a long time resident of Maysville and was 90 years of age. He had been ill for some time.

Besides his wife he is survived by three children, Mrs. Al Maddox and Mrs. Frank Smith, of this city and Mr. Theo Campbell, of Lexington as well as two step-children, Mr. Charles Paul of Covington and Mrs. Jennie Minton, of Cincinnati. The body will be brought here over the C. & O. Wednesday afternoon and be taken direct to the Maysville cemetery for burial.

## KENTUCKY BOY IS FIRST YANK TO BE DECORATED FOR BRAVERY IN RUSSIA

Archangel, May 31. — Lieutenant Milton Rogers, of Lebanon, Ky., is the first American to be decorated for gallantry during the fighting on the Murmansk front. He has been awarded the French war cross for leading an attack on the Bolshevik trenches at Uroszero on April 11 with the co-operation of a French armored train.

## WHISTLES AND BELLS WILL TELL OF AIRSHIP'S COMING

Definite Information of Army Airship's Coming Expected Tomorrow—Alarms Will Tell of Arrival Here.

Mr. N. S. Calhoun, Vice President of the Bank of Maysville, who is in charge of all arrangements at this end of the line for the airship flight here Thursday from Camp Knox by way of Lexington, is expecting telegraphic information from the army officers handling the flight tomorrow giving the definite information. Indications now are that the weather is ideal for such a flight and there is no reason to believe that the flight will be delayed but the people have been disappointed so many times in flights here that those in charge of the arrangements do not want to disappoint the public again.

Arrangements have been made for Major Gannon, in charge of the flight to wire Mr. Calhoun here when the plane leaves Camp Knox and again when it leaves Lexington for the spin to Maysville. This telegram will be announced when received upon the bulletin boards of the local newspapers and the arrival of the airship over Maysville will be announced by the ringing of bells and the sounding of factory whistles just as was done in Paris and other cities of France when the towns or cities were about to be raided by a fleet of German planes.

Arrangements are completed for the landing place at the County Infirmary grounds and these grounds will be marked off properly on Thursday morning. The plane will be in Maysville for at least two days and will make daily flights giving the people in all the surrounding territory an opportunity to see it in the air.

## WEDDING WEDNESDAY

Mr. Frank Comer, son of Mr. and Mrs. Thomas Comer, and Miss Ellen Kreitz, daughter of Mr. George Kreitz of this county, will be married at St. Patrick's church Wednesday morning at 8 o'clock by the pastor, Rev. Father P. M. Jones.

## LARGE CLASS TO RECEIVE FIRST COMMUNION

A large class of some thirty-five or forty children will receive their first Holy Communion at St. Patrick's church Sunday morning.

## Trusses

CLOTHIERS

## FOR MEN ONLY

But any body can read this story because it is true and interesting.

When our Mr. Merz was in Philadelphia, he made a call at the Guilford Store and saw some beautiful neck ties. "The Guilford's" have 8 stores in Philadelphia being the largest gents furnisners in Pennsylvania. The proprietor is closely related to the members of this firm. In a casual conversation our Mr. Merz said that he would like to put on sale some special item at a price in honor of the returning boys from the fighting lines. "Follow me" said the proprietor of "Guilford's" as he put on his hat and down Market Street they went. Soon they were in a big factory where they make exclusive high grade neckwear, and "Guilford's" are immense customers of this concern. "Show me," said the "Guilford" man the best lot of ties you have that would retail from \$2 to \$2.50 and selecting 14 dozen of the very best patterns he remarked "that these ties must be billed to Mr. Merz so their firm could sell them at \$1" and the neck tie man said "What "Guilford's" says always goes at this factory."

SEE THEM IN THE WINDOW—THEY ARE BEAUTIES—ON SALE WEDNESDAY MORNING \$2.50 VALUES AT \$1. ONLY 168 IN THE LOT.

## OUR POLICY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

## DEVELOPMENT IN KENTUCKY

In the Cincinnati Enquirer of Thursday there is an editorial which indicates a chance of consideration that is being given to Kentucky. The Enquirer says:

"Once upon a time Kentucky was described as the 'state of whisky, race horses and tobacco.' That was before much was known of her vast coal beds, less of her oil gas pools, and when little attention was given her partially developed agricultural possibilities.

"While one of her once dominant industries now has been paralyzed by the domination of prohibition, her breeding farms are more profitable than ever; she continues to grow around 400,000,000 pounds of tobacco annually, and her agricultural interests have diversified and expanded wonderfully, so that this year her wheat area for harvest is more than one million acres, with an officially estimated yield of 15,000,000 bushels, almost twice the annual average of the preceding decade.

"As if to anticipate the loss from the closing of her many and great distilleries come the exploitation of her mineral resources and an offsetting accretion to her wealth. Already the coal developments have placed her among the leading bituminous states of the nation, and in the past twenty years they have attracted millions of capital from home and outside sources.

"The development of her oil and gas fields has been more recent. Although oil was discovered in the state as long ago as 1819, it was not until 1905 that the production reached 1,000,000 barrels, only to decline until 1916, when it again passed the million mark, and the estimate for 1919, just made by State Geologist W. R. Jillson, is for more than 7,000,000 barrels, the market value of which should exceed \$15,000,000. As to the natural gas production of the state, while its commercial value received later recognition, the sales have increased from \$2,500 in 1889 to close to \$2,000,000.

"It is not many years ago that the older oil and gas producing sections of the country were the source of a propaganda intended to ridicule the then freshly developing fields of the Blue Grass State. Predictions were freely made that the Kentucky wells would prove of short life and that investments there would be lost. Now Kentucky is established as one of the reliable oil producers of the country, with old wells well maintained and new production steadily increasing. Last week one pipe line alone carried from the wells to the market approximately 18,000,000 gallons of the crude product.

"So the 'state of whisky, race horses and tobacco' is fast becoming one of the great wealth producing states of the Union."

## HALF-AND-HALF

After having been a life-long advocate of Free-Trade the President admits the weakness of his theories by advocating a Protective Tariff on certain commodities, and even going farther and admitting, by inference, that only the disorganized state of affairs in Europe obviates the necessity for a general revision of the Tariff on Protective lines.

If a Protective Tariff is a good thing to build up the dyestuff and chemical industries it is certainly not contrary to sound economic policy to build up other industries by the same means. If it is desirable to encourage the production of the chemical industry so that we may be prepared in case of war to produce the chemicals used in warfare, so that we need not depend upon foreign nations for our supply, it is certainly quite as sound, economically, that we shall encourage the production of wool, so that our soldiers may be suitably clothed from wool grown in America instead of our having to depend upon the wool produced in foreign countries. But our recent convert to modified Protection forgot entirely to mention wool as needing Protection. Probably he didn't want to antagonize too greatly the members of his own party who had placed wool on the Free List thus doing their best to destroy one of the most important of our industries.

The President should be consistent. Admitting, as he does, that it is a matter of "obvious prudence" to develop and "maintain many strong and well-equipped chemical plants" by means of a Protective Tariff, he admits the soundness of the principles of Protection. Having done that much, he should "go the whole hog." He should not be "half-and-half."

## OLD FASHIONED "FOURTHS"

Memory of the "old-fashioned" celebration of the American Fourth of July, not many years back, is still vivid enough to raise immediate opposition to the idea of restoring the saturnalia of explosive noise and fires in the larger cities, says the Christian Science Monitor. The "celebration" grew more and more undesirable, the yearly recurrence of the holiday became more and more a subject of dread to great numbers of people, its annual record of destruction of property became a convincing argument against it, and city after city, under the slogan of a "Safe and Sane Fourth," did away with the sale of the worse forms of explosives. The first signs of an effort again to legalize such sales has stirred protest, and it may reasonably be believed that the nation will not return to a method of celebrating its birthday that had been allowed to grow into an excuse for hoodlumism, and to which the better thought of every community objected.

## IS IT PEACE

Looked at from the purely American point of view, on a cold calculation of probabilities, we do not see how this treaty is anything but the prelude to quarrels in a deeply divided and a hideously embittered Europe. The immediate task for Americans is to decide coolly just how they will limit their obligations under the covenant to guarantee this settlement and the stability of Europe, Africa, and Asia. That they must be limited seems to us an inescapable conclusion.—The New Republic.

## Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

## TAKE

# CARDUI

The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

## FARM IMPROVEMENTS AND RURAL CONSTRUCTION WORK

Farm products have a greater purchasing power today than ever before in the country's history. This may explain why rural districts of the country rapidly are getting under way with building and construction work. It is obvious, since building and construction work have such an important bearing at this time on stimulating general business, the farmer may serve both his own and the national interest by at once making needed improvements on his property. He can further the general welfare while assuring himself of immediate and permanent benefits, in urging road construction and improvements in his locality.

It is generally understood no material reduction may be expected in building and construction costs in the near future. To be sure, prices on some materials may be slightly reduced in the readjustment, but the best authorities on the subject assert no pronounced reductions are probable. This is explained by money conditions, the foreign demand, and the marked curtailment of production of building materials during the war. Prof. Fisher of Yale University has issued a statement in which he says the country is on a new price level from which there will be no general recession.

Many farmers have been unable to get materials and labor for barns, silos, houses and other improvements during the war. The farmer who at once avails of the labor supply and gets his improvement work under way in the long run, may prove to be the prudent business man, for there is reason to believe that farmers who delay in the hope of materially reduced construction costs will have been deprived of the use of these improvements and in the end be forced to pay approximately the building prices now prevailing.

In several States, among them Missouri, Oregon and Colorado, silo building campaigns are being carried on by the Agriculture college. In Wisconsin there is a milk house campaign being vigorously prosecuted in the dairy districts, while in Illinois farmers are being urged to build feeding floors. Other campaigns for farm improvements are on in Nebraska, Kansas, Minnesota, South Dakota, Kentucky, Ohio and in localities in Texas and Iowa. While many of these are being conducted by building interests, the Division of Public Works and Construction Development of the U. S. Department of Labor is interested in seeing them successfully carried out because the Division realizes such activities on the farms are bound to have a beneficial effect on general business conditions.

The farmers of the country should

have an unusual interest in road building at this time. If farming is to continue on its present profitable level, there must be no business stagnation in the country and the vast road building projects in the various States are destined to exert a profound influence in keeping "business as usual" or "better than usual." Road building creates a demand for materials and absorbs labor, and the labor problem is a serious one at present and will continue serious until American Industries have readjusted themselves to peace production on a scale to meet the augmented demand of America and Europe.

The Trans-Mississippi Readjustment Congress, held in Omaha, Neb., late in February, summarized the present situation in the following language.

"We do not favor a pause in the industrial process to await some future readjustment of wages and prices of staples. So far as public improvements are concerned, they should be resumed at once. It is better that the public should absorb the increased cost, if any should hereafter appear, than that general unemployment and consequent disaster and social disorder should follow.

"Be believe also that the promoters of private construction and business enlargement should take heart of heart of courage and should believe in the immediate resumption of business prosperity in the United States. There is no place in the American scheme of things for the pessimist or the doubter. Our country today leads the world in prosperity. It can lose its leadership only by its own faint-heartedness. We especially deprecate any concerted holding back of construction and business resumption for the purpose of robbing a reduction in wages or cost of materials.

"Both as a means of stimulating the resumption of industry and removing the shadow of unemployment from the working people and also serve the broader and more permanent purpose of supplementing the railroad lines and to develop the inland and farm commerce of the country, the work of constructing good roads should be promptly carried on by cooperation of the Federal and State Governments and local communities."

In the recent Conference of Governors and Mayors in Washington, it was apparent that these executives were disposed to go in for extensive road and public improvements campaigns in their respective districts. These can be made a success only when they are supported by the citizens. For this reason, the farmer, as well as the city dweller, who understands how importantly building and construction work now is affecting general business conditions, will back up his local officials in every reasonable campaign for road building and public works of a necessary sort.

The smallest known race is that of the Bushmen of Southern Africa, the mean height being four feet 3 1/2 inches.

## Big Price For Sheep

W. W. Campbell, of Midway, last Friday purchased from J. J. Hall 100 head of sheep, including a number of lambs, for \$30 each. This is said to be one of the finest bunch of sheep taken out of Scott county in a long time. J. B. Cannon sold to Al Vaughn twenty-five head of sheep with wool and lambs for \$28.50 each.—Georgetown News.

## EVIDENCE THAT CONVINCES

A Twice-Told Tale That Will Carry Conviction to Ledger Readers.

Fourteen years ago, Mrs. Burns publicly endorsed Doan's Kidney Pills; she then told of benefit she had received.

With unshaken confidence, she confirms her statement—Tells how passing years have strengthened her faith in Doan's. There's no better test than the test of time.

Can any Maysville reader ask for more convincing evidence? Mrs. John Burns, West Second Street, says: "I was subject to severe spells of backache and other kidney trouble. They would come on every three or six months and there were times when I was confined to bed and rendered helpless. I used Doan's Kidney Pills and the quick and decided benefit I received from Doan's Kidney Pills was wonderful. I have never had such severe attacks since." (Statement given February 13, 1914.)

NO TROUBLE SINCE  
On November 15, 1916, Mrs. Burns said: "I have the same good words of praise for Doan's Kidney Pills today, as ever. I have not needed a kidney medicine since I first took them." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Burns had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

## Election Notice

Pursuant to an order of the Mason Fiscal Court, a special election will be held in Mason County, Kentucky, on SATURDAY, JUNE 14, 1919, between the hours of six a. m. and four p. m., at which election there will be submitted to the voters of Mason County the following question:

"ARE YOU FOR A PROPERTY TAX OF TWENTY CENTS ON EACH \$100 WORTH OF PROPERTY IN THE COUNTY TO BE LEVIED EACH YEAR FOR THREE YEARS FOR THE PURPOSE OF IMPROVING OR CONSTRUCTING, EITHER OR BOTH THE ROADS AND BRIDGES OF MASON COUNTY?"

Voting booths will be opened in the various precincts of the county on said day.

CHARLES E. GALBRAITH, Sheriff

## CORN AND TOBACCO PLANTING IS BEING RUSHED

Change in Weather Saves Both Crops  
Serious Injury—Labor Scarcity—  
Is Big Problem Again.

Farmers of the Blue Grass greeted the warm, fair weather of the past week with enthusiasm and rushed heading into the fields with every available farm hand in an effort to catch up with corn planting, plowing, harrowing and tobacco transplanting all of which work had fallen far behind because of the exceptionally heavy rainfall of the past four weeks.

The weather of the past few days, according to reports from all parts of the section, was as if made to order and much was accomplished on farms.

Reports from neighboring counties vary as to the percentage of the corn crop now in the ground, but it is probable that at least 60 per cent has been planted thus far, a great majority of which went into the ground during the past week. Clear weather and a hot, dry sun came just in time to prevent a great loss in the corn crop especially in the mountain counties where it is unsafe to plant later than the first days of June. It is now highly probable that the corn crop will be as large or almost as large as was originally planned.

In one instance it has been reported that wire worms have been very busy ruining the corn crop of a Scott county farmer. The wet weather has been highly suitable for their development.

Tobacco transplanting has been rushed throughout the Blue Grass and Central Kentucky the past week. Plants in every instance reported are fine in size and quantity and the work is only being delayed because of scarcity of labor. Tobacco setters are being used in many more cases this year than ever before in an effort to offset the labor problem. There seems to be ample moisture in the soil in spite of the very hot weather the past week, to keep the plants alive and to make setting possible.

The general scarcity of farm laborers is presenting the greatest problem on farms at this time. Several counties report farm hands even scarcer now than last year. Tractors and tobacco setters and other labor saving devices are coming into greater popularity as a result.

There is every indication of an unusually fine crop of blackberries this year, vines being literally covered with blossoms all over the section. Housewives are rejoicing at this be-

cause blackberries will probably be the only fruit available for canning or preserving in quantity sufficient to carry the household over the fall and winter.

Blue Grass seed is almost ready for the stripper and the work of harvesting will probably begin in some parts of the section this week. Crews are being collected for the work and the crop is a fine one.

Wheat, rye, oats and other small grain are presenting good appearance. The extent of damage by the frosts of late April can not be ascertained until the harvest but it is not thought crops were damaged to any great degree.

ON THE FARM  
IN KENTUCKY

### May Injure Wheat

Specialists from all portions of the U. S. lately visited wheat fields in Illinois near East St. Louis. These fields have been ruined by a foreign disease commonly known as "take all." This same trouble has been found in Indiana so the farmers in Kentucky should watch their wheat fields for diseased plants. "Take all" stunts the plant. The leaves become much darker than healthy leaves. The stalks are often rotted at the base and become brown or gray-black. Diseased plants often produce shoots which have leaves that are much narrower than the first set. At times the whole plant dies leaving patches which are quite noticeable. When not badly diseased a plant may produce jointed stems and some heads; but the heads do not fill properly.

The farmer, who thinks he has this disease in his fields, should mail the injured plants to the Experiment Station at Lexington.

### Library Has Rest Room

Rest rooms for the women, who come to town to shop, are developing very rapidly in many portions of Kentucky. Henderson county has one which has been offered by the Henderson Public Library. This room is already furnished with comfortable arm chairs, a large table which can be turned into a lunch table at the noon hour, and is equipped with a gas stove for demonstration purposes. If this move is a success and becomes popular with the country women, Rest Room plans will be made on a larger scale.

### Pupils Visit Station

The Experiment Station at Lexington was visited on May 22nd by 25 boys and girls from the Georgetown High School. This class in agriculture was delighted to have an opportunity to see what was being done at the Station.

### Boys Beat Farmers

Last year the reports from boys in the Corn Club showed their average yield per acre was 53.44 bushels. The average for the farmers of the state was 31 bushels per acre. Taylor Smith of Garrard, produced 135 bushels and Roy Steele of Crestwood, shucked 109 bushels and 40 pounds per acre. It is evident the boys beat the farmers.

The cross roads oracle says: Now the war's over let's start a lot of fights at home so we can have better health, better homes, better schools and better roads.

The cross roads oracle says: Since a flyin' machine has crossed the Atlantic nobody ought to be willin' to say they're ol' fashioned.

IN KENTUCKY

### Wholesale Snake Killing

George Quick was here this week and brought in a fresh supply of snake yarns from the mountain top. In one day Charlie Shoptaw, killed seventeen blacksnakes, five copperheads and three rattlers. Not to be outdone, Clarence Holsclaw went out the next day and killed nine cow snakes, three garter snakes, six blacksnakes, four rattlers and six lizards.—Shepherdsville Pioneer-News.

### Hounds and Foxes Playmates

Powell & Currans, the junk men, shipped six fox hounds to Dr. B. L. Laine at Havana, Cuba, Saturday, having sold them at a fancy price. They also shipped ten hound puppies to Gen. Roger Williams at Lexington. They now have on hand forty dogs and the demand for hounds has increased so that they cannot supply the demand. The Herald man visited their kennels Saturday morning and it was an odd sight to see several baby foxes in the pen with the hound puppies and all of them playing together like brothers.—Harrodsburg Herald.

### Killed Large Fish Hawk

Riley Hodge, the caretaker at Fernlake, killed a large fish hawk last Friday afternoon on Fernlake, just above the picnic grounds. He shot the hawk through the body without injuring the wings. The hawk measured five and one-half feet from tip to tip of the outstretched wings. This is one of the largest birds ever seen in this locality.—Middleboro Three States.

### Spear Fish

One day last week Theodore Munford, 14-year-old son of Mr. W. B. Munford, who lives on the Dunn Place, saw a school of fish playing in the shallow water of the pond on the

### TERRIBLE SORES

No Matter How Chronic, J. Jas. Wood & Son Guarantees San Cura Ointment to Give Relief and Often Permanent Cure.

"My daughter was troubled for over a year with a fever sore on her leg, and was helpless in bed for three months. To the great surprise of all, including the four doctors who had attended her, San Cura Ointment healed the great sore in less than six weeks."—J. D. Hood, Townville, Pa.

Karl C. Banks, of the Atlantic Refining Co., of Pittsburg, had a sore on his ankle for a year. He doctored, and tried various remedies without relief. He says: "San Cura Ointment worked like a charm; reduced the swelling and healed the sore in two weeks."

Bear in mind, that besides sores San Cura Ointment is used with great success in eczema, boils, carbuncles, salt rheum, tetter, also itching, bleeding and protruding piles. In cases of burns, scalds, cuts and bruises, San Cura is most valuable. The price is only 30c, 60c and \$1.25 a jar, and J. Jas. Wood & Son guarantees it.

### COMPLEXION SOAP

If you want a lovely complexion, with soft, velvety skin, free from pimples and blackheads, use San Cura Soap, the great antiseptic and skin purifier. 25 cents a cake at J. Jas. Wood & Son.

If you can't get it at your druggist send to the Thompson Medical Co., Titusville, Pa.

place. He ran to the barn and secured a three-pronged fork and upon arriving at the scene of action after taking good aim drove the fork into the wiggling mass and was rewarded by three fine carp. The fish would weigh about three pounds each.—Laure County Herald.

### Prepare For Dry Spell

Our Clayville correspondent writes: "One day last week Will Hieatt and Quincy Watson were digging in their stable to destroy rats. Twenty-eight rats were killed. Three lost bridge bits, a hatchet, a sledge hammer and a gallon of whiskey were found."—Cynthiana Democrat.

### APPEAL IS MADE FOR MORE PAY FOR TEACHERS

Delegation From Covington Calls on  
State Educational Heads Urging  
More Money For School  
Teachers.

Frankfort, Ky., June 3.—Higher pay for school teachers is being agitated by citizens of Covington and yesterday a delegation from that city came here to confer with Superintendent of Public Instruction Gilbert.

Because of the mediocre salaries paid teachers, the delegation told Superintendent Gilbert that teachers of Covington were giving up that vocation in order to enter better paid employment in Cincinnati and Cleveland. Covington, they said, was unable to do anything in the matter, as the tax limit had been reached. Superintendent Gilbert informed them that he was powerless to help them in the matter and suggested that mass meetings be held in Covington, as in Louisville, in an effort to secure local aid.

He told them that he expected to appeal the inheritance tax case to the Appellate Court and hoped that the court would reverse the decision of Circuit Judge Stout handed down today in which he held that the school fund could not participate in inheritance taxes.

### THREE FILE NOTIFICATION PAPERS AT FRANKFORT

Frankfort, Ky., June 3.—James A. Wallace, of Irvine, who is seeking the Republican nomination for State Auditor, filed notification and declaration papers today with Secretary of State Lewis. Other papers filed follow: Hebron Lawrence, of Tompkinsville, Republican, Representative Thirty-seventh district, composed of Monroe and Metcalfe counties.

R. E. Wilson, Marion, Republican, Representative Fifth district, composed of Crittenden and Livingston counties.

### ASSESSMENT SHORTAGE SERIOUS BLOW TO SCHOOLS

Present City Assessment Would Cut  
City Schools' Income Ten Thousand  
Dollars Below Their Estimate of Running  
Expenses.

The shortage in the city's assessment as it now stands would be a greater blow to the public schools than to any other department in the city and this is what the people are as much interested in as in any other department of the city.

The estimate of expenses for the city schools for the ensuing year as filed with council two months ago by the City Board of Education shows that the city schools will need for the proper operation of all departments next year approximately \$31,000 and the legal percentage allotted to the schools under the assessment as at present amounts to about \$21,000, showing the schools short \$10,000.

Unless the assessment can be increased through the discovery of errors in the figures, the schools will be compelled to discontinue some of their departments and this would certainly be a serious blow to the city's system of education which is regarded as among the best in the state.

### SOUL CALLS TO SOUL

But the woman hears other voices mocking her. They are the voices of the past that shatter her happiness. Locked in her heart is a secret that haunts her and tortures her. No one must know of the lovely little girl whose mother she is. A story of a mother who must hang her head in shame. A battle between wifehood and motherhood. See Gladys Brockwell in "The Call of the Soul" at the Pastime Thursday, June 5.

### ROAD ORGANIZATION PLANS MANY MORE MEETINGS

The Mason county road organization boosting the twenty cent road tax plans several more meetings in various parts of the county during this week and before the election on June 14. There will be several addresses favoring the tax in Maysville.

Elijah W. Jones, aged 75 years, was tried before County Judge Purnell and a jury in County Court this morning and found to be of unsound mind. He was ordered taken to the state asylum for the insane at Lexington for treatment.

### OUR COLORED CITIZENS

Washington, Ky., June 1, 1919.—Haven Chapel M. E. Church is in the grand Methodist Centenary. We are aiming to give readers of this paper the news as to our outcome after the 15th of June. Every member is expected to subscribe and pay as much money as possible on or before the 15th of June. The unconvinced people of Washington, Ky., are also invited to subscribe and give their moral support. The principal part of this money is to be used in the reconstruction work occasioned by the European war. It is to be expended to the education, civilization, Christianization and materialization of the unfortunate people in Europe, Asia, Africa, Japan, America and the Islands of the sea. Every Negro of America should subscribe and pay as much as he can to this good cause. Let there be no slackers for slackers are enemies to the race and good government. He who will not give moral support to a needy and worthy cause is a sure slacker. Those who have subscribed please see your team solicitor at once and pay what you can of the amount that we may report to area office and the Treasury Department of the Centenary. Watch the Public Ledger for news of names and amounts subscribed and paid up to June 15, 1919. Haven Chapel M. E. Church Sunday School reports 41 attendance last Sunday.

### GAS CONTRACT IS ACCEPTED; BAND STAND PAY REFUSED

Lively Meeting of City Council—Assessment Shortage Shows Healthy  
Falling to Make Full Returns  
—Important Business.

Council met in regular monthly session last evening with Vice Mayor J. A. Dodson in the chair and all members present. Mayor Russell took the chair at the conclusion of the reading of the minutes.

The Mayor reported that he had collected \$291.73 for licenses during the month of May.

The report of the Claims and Accounts Committee was as follows:

Alms and Almshouse.....	\$ 252.33
Gas and Electricity.....	780.39
Boarding and guarding prisoners.....	143.85
Fire Department.....	509.03
Salaries.....	289.11
Internal Improvements.....	303.70
Police.....	498.00
Public Library.....	25.00
Mason County Health League.....	25.00
Mission Home.....	25.00
Colored School Mission.....	12.50
Chamber of Commerce.....	40.00
Pensions.....	42.00
Miscellaneous.....	94.89
Council Salaries.....	108.00

Total.....\$3,148.80

The report of the Police Judge was as follows:

Fines paid.....	\$102.90
Worked out.....	24.00
Working out.....	122.00
Fines escaped.....	54.30

The Fire Chief reported that there had been one alarm of fire during the month of May.

The City Treasurer's report showed an overdraft of \$294.30.

The following building permits were granted:

Bank of Maysville—Stone and granite banking building on Second street, Third Ward.

John B. Chenault—Addition to residence in West Second street, First Ward.

Addison Carter—Kitchen to residence in Walnut street, Fifth Ward.

The public buildings committee filed a report of the cost of the city band stand showing that the total cost of construction was \$750. Incorporated in the report was a written motion that this amount be allowed and the motion was lost on a vote of 7 to 5. Councilman Allan Dodson offered a motion to allow the sum of \$350 as was originally authorized by council; and Mayor Russell declared the motion out of order.

The salary of City Assessor Harney amounting to \$250 was allowed and ordered paid.

Chairman Reed, of the Laws and Ordinance Committee, offered an ordinance correcting the records of council on the adoption of the Garbage Collector's license law and ordering the year and may vote on the original ordinance recorded in Council's Journal. The ordinance was received, a motion made to suspend the rules and place the bill on its second reading was made but the motion lost.

Councilman George Dodson, of the Light Committee, offered a tentative contract with the Maysville Gas Company which was read to council by Clerk Adair. On motion the contract was accepted and referred to the Laws and Ordinance committee with instructions to bring in an ordinance covering the provisions of the contract.

Chief of Police Harry A. Ort reported that investigation by him had disclosed that the city's records showed that the bonds for the various city officers had been received by council but that the records did not show that the officers had duly qualified. On motion the matter was referred to the Laws and Ordinance committee with instructions to bring in an ordinance correcting the records in this respect.

An ordinance authorizing the issuance of three emergency bonds of \$500 each was offered and adopted.

Chairman Dodson, of the Ways and Means committee, reported that because of a shortage in the city assessment which was thought could be raised by certain corrections, the budget could not be made up. In this connection he explained that there was a great shortage in personal property returns under the new blank system adopted by council this year. He reported that there were only seven persons in the city of Maysville who returned a personal assessment of over one thousand dollars and that the wealthy citizens were returning a personal assessment of about one hundred dollars. He spoke at length on the question and his statement was supplemented by a statement by Mayor Russell in which he said the poor wage earners of the city were bearing the brunt of the assessment. It was understood that council would remain in continuous session until errors were corrected on the Assessor's book and Mayor Russell was authorized to employ extra help to go through the figures.

In regard to paving between the car rails on Market and lower Second

### FARMERS WILL BE URGED TO JOIN THE COMMERCE CHAMBER

Luncheon Held at Noon at Chamber of  
Commerce When Teams Get Up  
Interest For Rural Member-  
Ship Drive Thursday.

Some thirty-three Maysville business men enjoyed a delightful luncheon at the Chamber of Commerce building at noon today preparatory for the big Rural Membership drive to be launched in the county on Thursday. County Judge Purnell, who has been named to lead this drive, was toastmaster and a number of our prominent business men spoke among them being George H. Frank, C. T. Brown, A. L. Glascock, Glen Gault, Prof. W. J. Caplinger, W. Holton Key, E. T. Kirk, N. S. Calhoun, Manager Welch of the Maysville Lumber Company and Manager Carman of the Maysville Telephone Company.

The delightful luncheon was prepared by Secretary Dodds and his assistants and would have done credit to most any one. The best part of the whole thing was that the lunch was donated by the various grocers and butchers of the city.

The campaign for more rural members will be during all of the day Thursday. The directors of the Chamber of Commerce will captain various teams of business men who in their automobiles will call on the farmers in all sections of the county urging them to become members of the Chamber of Commerce. Strong arguments will be put up to the farmers why they should support the organization with their membership and it is expected that all of the old rural members whose memberships expire this year will be re-listed and many new ones will be added. A report meeting will be held at the Chamber of Commerce Thursday evening when the various teams will report the success of the day.

street, Mayor Russell was authorized to get estimates from contractors on the probable cost of paving this space with concrete.

Council then adjourned to meet in continued session on June 10th.

### WED AT LEXINGTON WEDNESDAY

Marriage license was issued by County Clerk James Owens this afternoon to Mr. Tom Anderson Gooding, aged 28, of Lexington, and Miss Elizabeth Duke Luttrell, aged 24, of this city. They will be married in Lexington Wednesday by Dr. John W. Porter, of the First Baptist Church.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.
